Call to Order

The Concord Township Board of Trustees met Wednesday, October 25, 2017 at 7:00 p.m. at the Concord Township Administrative Building, 6385 Home Road, Delaware, Ohio 43015. Chairman Johnson called the meeting to order, and the roll was called; attending were Trustees Jason Haney, Joe Garrett, and Bart Johnson.

Mr. Garrett moved and Mr. Haney seconded to approve the minutes of the previous meeting. Vote: Haney-yes, Garrett-yes, Johnson-yes.

Public Input

Residents of Tartan Fields requested an update on the Concord Road path connection project to Dublin. Trustee Johnson met with AECOM Engineering on the site last week. Some surveying needs done, and the township wants to look into possible grants to help fund the project cost.

Guest Lori Kannally shared news from the Delaware General Health District:

- 1-mosquito collections and fogging will cease now that the weather has cooled,
- 2-flu clinics are in full swing throughout the county,
- 3-community health assessments are continuing,
- 4-opiate response meeting was held, and "drug epidemic" summary handout is attached,
- 5-Campylobacter infections on the rise - 21 of the 55 national cases were in Ohio - 3 in Delaware County; wash hands after coming into contact with animals or at pet stores,
- 6-health around chickens was discussed,
- 7-a seasonal reminder was given on norovirus "stomach flu" transmission.

Andrea Yagoda inquired about the Zoning Code being updated. The attorney hired was ill and moved, so a few delays in the process. The Board is following the flow chart from the Prosecutor's office to make sure the changes are made correctly. Zoning Chair Connie Resanovich is handling the process.

Old Business

In reference to allowing hot air balloons to land and/or launch from township grounds, the liability insurance company and Prosecutor's office both advised the township must be listed as a certificate holder on the balloon's policy, and a waiver would need completed for each person in the balloon. The Board will not allow landings or launches for now.

The Fall Festival and Fire Prevention Open House at the new fire station was a huge success, as evidenced by the lack of parking spaces. Pros, cons, and ideas for next year were discussed.

Mr. Garrett moved and Mr. Haney seconded to adopt a Resolution (#102517-1 attached) pursuant to ORC 505.94 to require the registration and regulation of transient vendors within Concord Township as follows: \$150 fee per solicitor for registration certificate, valid for 90 days, with transient vendor list available to the public, and a "no solicitation" registry also maintained by and available from the township, solicitation hours are permitted between 1:00 p.m. and 3:00 p.m. Monday through Friday, and prohibited on weekends and legal holidays. Vote: Haney-yes, Garrett-yes, Johnson-yes. Transient vendors should stop by the township office to obtain and fill out the registration form.

The land purchase on Bean Oller Road to extend Oller Cemetery was signed and forwarded to the title company. Phase I inspection and survey work has been ordered.

Fire station construction status was discussed. The Board has no desire to collect liquidated damages from the general contractor after reviewing an explanation of why the construction timeline went beyond the contract term. There are only a few final punch-out issues left. The final draw paperwork is needed within thirty days.

New Business

A proposal was reviewed from a grant writer. The scope of work would be to research, work with engineers, identify specific grant areas that could help fund township projects (i.e. paths or playgrounds), etc., at a rate of \$1,200 per month. Mr. Johnson noted there is no person at the township to do this, and they would only go after grants that make sense for our residents. Mr. Garrett added grants are available funds

ANIMALS CAN CARRY GERMS THAT MAKE PEOPLE SICK

All animals can carry disease contagious to humans. Humans may become ill after handling the animal or its environment by introducing harmful germs into their eyes and mouth. Germs from animals can cause a variety of illnesses in people; E.Coli, Campylobacter, Salmonella, etc. Good husbandry and hygiene practices can reduce this risk and keep both animals and people healthy.

WASH YOUR HANDS!

- Always wash your hands thoroughly with soap and water after coming into contact with animals or their environment.
- Hand sanitizers can quickly reduce the number of germs on hands in some situations, but sanitizers do not eliminate all types of germs.

HANDLE WITH CARE

- Do not snuggle, kiss, or touch your mouth to animals.
- Keep animals and their environment as clean as possible.

Live poultry can carry harmful germs such as Salmonella. While the birds may appear healthy, they can still spread the germs to people. Salmonella can make people sick with diarrhea, vomiting, fever and/or abdominal cramps. Make sure to follow these tips when in contact with poultry.

Wash your hands!

- Wash thoroughly with soap and water right after you have any contact with the birds or their environment.
- Hand sanitizers can quickly reduce the number of germs on hands in some situations, but sanitizers do not eliminate all types of germs.

Handle with care

- Do not snuggle, kiss or touch your mouth to live poultry.
- Children younger than 5, adults over 65 and people with weakened immune systems are more likely to have a serious illness from Salmonella.

The scoop on cleaning the coop

- Clean any equipment used to care for live poultry outside.
- Set aside a pair of shoes to wear while taking care of poultry and keep those shoes outside of the house.

NOROVIRUS FACT SHEET

WHAT IS NOROVIRUS?

- Norovirus is a highly contagious virus often referred to as the stomach flu. Norovirus illness usually begins 24 - 48 hours after exposure.
- Symptoms usually include nausea, vomiting, diarrhea and stomach cramping.
- Symptoms typically last 1 or 2 days.
- People infected with norovirus are contagious from the moment they begin feeling ill and for the first few days after feeling better.
- Norovirus can stay on objects and surfaces for days or weeks.

PREVENT THE SPREAD OF NOROVIRUS

Practice proper hand hygiene by washing thoroughly with soap and water (alcohol-based sanitizers do NOT kill Norovirus)

Clean and disinfect contaminated surfaces with household bleach-based cleaner

Wash soiled clothing and linens

Stay home if you are sick
